THINGS YOU NEED TO KNOW

Training Team

Each Apprentice will be allocated a 'Training Team' led by a Principle Trainer with Support Trainers. The Training Team model uses a Principal Trainer to schedule, manage and deliver training sessions, backed by a team of qualified trainers to fill any session gaps. This model ensures we can continue delivering monthly training sessions with flexible options.

Ongoing Monthly Training Calendar

Our Training Team will create an Ongoing Monthly Training Calendar with training dates approved and confirmed by the employer.

The training calendar will ensure the Apprentice/s can successfully progress within the program timelines of 30/36 months.

Prerequisites for Trainees

There are no requirements to hold any occupational licensing, legislative or certification requirements to undertake this qualification, at the time of publication.

Workplace Supervision

The EMPLOYER is required to provide adequate WORKPLACE SUPERVISION and SUPPORT for all trainees. The WORKPLACE SUPERVISOR will require the relevant skills, knowledge, industry experience and in Queensland, qualifications are mandatory. The TRAINEE must be always supervised.

The EMPLOYER will be required to NOMINATE a workplace supervisor in writing which we refer to as the AUTHORISED SUPERVISORS/INDUSTRY EXPERT.

All work in the workplace must be carried out to comply with workplace procedures, in accordance with State/Territory food safety, and work health and safety, regulations and legislation that apply to the workplace.

Workplace Suitability

In consultation with the employer, WTS will evaluate the suitability of the workplace to provide suitable employment arrangements, including facilities, equipment, range of work and product range to support the accredited qualification requirements and traineeship outcome. This is recorded in the WTS 'WORKPLACE SUITABILITY CHECKLIST'.

If the workplace is unable to meet the necessary requirements, the enrolment can be refused by WTS.

A suitable workplace is required to provide adequate facilities. It must include equipment, machinery, a range of work, product range, supervision and supervised (on-the-job) training. To allow the apprentice or trainee to successfully progress through the apprenticeship or traineeship to achieve successful completion.

Assessment Methods

Assessment is the process of collecting evidence and making judgements about whether an apprentice has achieved competency to the standard required in the workplace (as specified in a unit of competency or accredited module).

Evidence gathering will take place at work (on-the-job) and in the WTS monthly training sessions and external skill workshops (off-the-job). However, the application of skills in the workplace is a central tenet to the apprenticeship program, evidence is gathered as a person performs work tasks, in the workplace.

If an apprentice has not achieved competency, they can undertake further training and be re-assessed at a later stage. Additional cost may apply.
